Antidumping Duty Order

On June 14, 1995, in accordance with section 735(d) of the Act, the U.S. International Trade Commission (ITC) notified the Department that imports of furfuryl alcohol from the PRC materially injure a U.S. industry. Therefore, in accordance with section 736 of the Act, the Department will direct United States Customs officers to assess, upon further advice by the administering authority pursuant to section 736(a)(1) of the Act, antidumping duties equal to the amount by which the foreign market value of the merchandise exceeds the United States price for all entries of furfuryl alcohol from the PRC. These antidumping duties will be assessed on all unliquidated entries of furfuryl alcohol from the PRC entered, or withdrawn from warehouse, for consumption on or after December 16, 1994, the date on which the Department published its preliminary determination notice in the **Federal Register** (59 FR 65009).

Notice of Amended Final Antidumping Duty Determination and Order: Furfuryl Alcohol From South Africa.

AGENCY: Import Administration,
International Trade Administration,
U.S. Department of Commerce.
ACTION: Notice.

EFFECTIVE DATE: June 21, 1995.

FOR FURTHER INFORMATION CONTACT: John Brinkmann or Donna Berg, Office of Antidumping Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5288 or (202) 482-0114, respectively.

Amended Final Determination

We presented counsel for the respondent, Illovo Sugar Limited, and counsel for the petitioner, QO Chemicals, with the calculations and disclosure materials concerning the final determination on May 4, and 8, 1995, respectively.

The respondent and the petitioner filed timely submissions alleging ministerial errors in the Department of Commerce's (Department) final determination calculations. On May 5,

1995, the respondent alleged that the Department made an inadvertent spreadsheet error which resulted in the revised figures for certain ESP observations being moved to the wrong columns. On May 15, 1995, the petitioner alleged that we departed from our established practice and, for certain U.S. observations, applied a daily exchange rate instead of the quarterly rate to convert South African Rand to U.S. dollars. (For specific details of these allegations and our analysis thereof, see Memorandum from Gary Taverman to Barbara R. Stafford dated May 25, 1995).

We have reviewed the respondent's allegation and agree that we erred in moving the revised figures for certain variables to the adjacent spreadsheet columns. In accordance with 19 CFR 353.28, we have corrected the calculations for the final determination.

With respect to the petitioner's allegation, however, we disagree that our reliance on the daily exchange rate constitutes a departure from our established practice. It is the Department's practice to make currency conversions at the Federal Reserve certified quarterly exchange rate except where the daily exchange rate varies by five percent or more from the quarterly rate.

Inasmuch as the variance between the daily and quarterly rates equaled five percent, we followed our established practice and used the daily rate in the final determination. Accordingly, we determined that petitioner's allegation does not constitute a ministerial error.

Pursuant to 19 CFR 353.28, we have corrected the final dumping margins. The final dumping margin for Illovo Sugar Limited and "All Others" has been amended from 15.48 to 11.55 percent.
